Apricot Kernel Shells 40/60

INCI Name:

Apricot (*Prunus Armeniaca*) Seed Powder

Description:

Apricot Kernel Shells are granules prepared from crushed apricot shells. The shells have a hard fibrous material ideal as a gentle, natural exfoliate which assists with the removal of dead skin cells. Its grit is a soft abrasive that is extremely durable, angular & multi-faceted.

Features:

- Easy to incorporate into formulas.
- Irradiated to reduce bioburden.
- Very small particle size ~250µm—325µm.

Technical Data:

| PARTICLE DISTRIBUTION | |
|------------------------------|---|
| #40On | 8.0% - 10.0% |
| On #60 | 70.0% - 90.0% |
| Thru #60 | 8.0% - 10.0% |
| MICROBIAL LIMITS | |
| TOTAL COUNT (APC) | <100 cfu/g |
| SAB DEXTROSE | <100 cfu/g |
| MICROBIAL LIMITS | |
| Sab Dextrose | Reported |
| E. Coli, S. aureus, | Reported |
| P. aeruginosa | Reported |
| Salmonella | Reported |
| Trypto Soy Agar | Reported |
| GAMMA TREATMENT | |
| Dosage (MIN.) | 4.0 kGy |
| Dosage (MAX.) | 50.0 kGy |
| Storage | Store in a cool place in a closed container |

Applications:

- **Exfoliant:** add to scrubs and bath salts or a mild abrasive exfoliant to remove dry and dead cells.
- **Soaps/salves:** add an exfoliating factor to soaps, salves, scrubs and more to restore a healthy & vibrant glow to the skin.
